About the Showcase

The inaugural **MIA Sustainability Showcase (MIA SS)** is a one-day, one-stop event organised by the Malaysian Institute of Accountants, strategically designed to accelerate the profession's leadership in driving sustainable business practices.

Positioned as a premier networking and knowledge hub, **MIA SS** will convene more than 500 senior delegates — from accountancy professionals, CFOs, and sustainability officers to regulators, auditors, consultants, and technology providers. It is an invaluable opportunity to connect directly with the profession's most influential decision-makers.

More than just a gathering, **MIA SS** is a catalyst for action. By fostering collaboration among industry leaders, regulators, Government agencies, and solution providers, the event aims to advance Malaysia's sustainability agenda in alignment with national priorities and global goals, guided by the **MIA Sustainability Blueprint for the Accountancy Profession** and **MIA Sustainability Roadmap**.

The programme features expert panels, case studies, workshops, and solution showcases, offering both technical know-how and practical insights for embedding sustainability into reporting, finance, and business strategy.

Be part of MIA SS and discover how accountancy professionals can help shape resilient businesses, build sustainable economies, and make every number count towards a better future.

Empowering Accountants for a Sustainable Future

As the world accelerates its shift towards sustainability, accountancy professionals have a unique opportunity to position themselves at the forefront of this transformation by harnessing their expertise in governance, reporting, and decision-making.

Guided by the theme “**Empowering Accountants for a Sustainable Future**”, the inaugural **MIA Sustainability Showcase (MIA SS)** underscores the profession's vital role in embedding ESG principles into business, turning strategy into measurable impact, and future-proofing accountability.

The Showcase centres on two key pillars:

- ◆ **Sustainability Frameworks, Regulations & Reporting** – the latest global and local standards, regulatory trends, and compliance requirements shaping the future of the profession.
- ◆ **Sustainability in Practice** – tools, case studies, and solutions that drive tangible results and prepare accountancy professionals to meet evolving stakeholder demands.

By uniting thought leaders, solution providers, and practitioners, MIA SS will be a catalyst for knowledge-sharing and innovation—empowering accountancy professionals as future-fit leaders of the sustainability agenda.

Programme Outline

Time	MAIN THEATRE	
9:00 AM - 9:15 AM	Welcome Remarks by Puan Saniza Said , <i>President</i> , Malaysian Institute of Accountants	
9:15 AM - 10:00 AM	MIA SUSTAINABILITY AGENDA Discover how the MIA Sustainability Agenda drives a two-pronged approach to advancing the profession and the Institute's own sustainability commitments. This session explores the MIA Sustainability Blueprint for the Accountancy Profession that guides the profession on its sustainability journey, the MIA Sustainability Roadmap that operationalises it through targeted initiatives such as collaborative leadership and capability building, and the MIA Sustainability Framework and Strategy Plan that embeds ESG practices within MIA's organisational strategy and culture. Speaker: Rasmimi Ramli , <i>Executive Director, Sustainability, Digital Economy & Services</i> , Malaysian Institute of Accountants	
10:00 AM - 10:30 AM	Navigating the Challenges of Adopting IFRS S1 and S2 in Corporate Reporting This presentation explores the challenges Malaysian organisations face in adopting IFRS S1 and S2, including data quality, materiality assessment, governance readiness, and alignment between sustainability and financial disclosures. It also outlines strategies to strengthen reporting capacity, improve climate risk assessment, and enhance integration between sustainability information and enterprise value creation. Speaker: Tang Lien , <i>Managing Director / Chief Executive Officer</i> , Nova Fusion Sdn Bhd	Brought to you by: 
10:30 AM - 11:00 AM	Networking Break	
11:00 AM - 11:30 AM	Ethics and Sustainability – Navigating Dilemmas in Business As Malaysian organisations move to IFRS S1 and S2, they will have to navigate ethical and sustainability dilemmas stemming from adoption challenges, including data quality, materiality assessment, governance readiness, and alignment between sustainability and financial disclosures. This session cuts through the complexity, outlining strategies to strengthen reporting capacity, improve climate risk assessment, and enhance integration between sustainability information and enterprise value creation. Speaker: Ong Tian Soon (Charlie) , <i>Managing Partner</i> , ASAP Advisory PLT	Brought to you by: 
11:30 AM - 11:35 AM	Networking Break	
11:35 AM - 12:05 PM	AI Assurance: Empowering Accountants to Lead Sustainable ESG in an AI-Accelerated World As AI reshapes industries, accountants are uniquely positioned to lead in ESG. This session introduces a novel AI assurance solution to make AI systems safe, reliable and compliant, built for the unique risks of AI. We demonstrate how this structured methodology empowers accountants to map legal, ethical and safety requirements, verify AI safety from prototype to production, and align systems with ESG goals for responsible, compliant growth. Speaker: Dr. Andreas Hauser , <i>Co-founder and Chief Executive Officer of AIQURIS; Co-Partner of Nova Fusion Sdn Bhd</i>	Brought to you by: 
12:05 PM - 12:10 PM	Networking Break	
12:10 PM - 12:40 PM	Driving Efficiency and Trust – Ethical Assurance in Strategy Execution With the adoption of ISSA 5000 and tightening investor expectations, assurance is no longer a post-reporting exercise — it is a governance mechanism that validates whether strategic actions translate into credible outcomes. This session examines how leadership teams can embed ethical discipline, accountability, and evidence-based assurance throughout the strategy chain — from policy design to implementation, performance reporting, and assurance readiness. Speaker: Ong Tian Soon (Charlie) , <i>Managing Partner</i> , ASAP Advisory PLT	Brought to you by: 
12:40 PM - 2:00 PM	Lunch Break	
2:00 PM - 3:00 PM	From Reporting to Implementation: Making NSRF Work for Your Organisation As sustainability reporting becomes a national priority, accountants play a pivotal role in translating the National Sustainability Reporting Framework (NSRF) into meaningful action. This session explores how organisations can move beyond compliance by embedding the right processes, data governance, and accountability measures. Gain practical insights, real-world examples, and actionable steps to ensure your NSRF reporting drives value, strengthens trust, and supports long-term resilience. Moderator: Rasmimi Ramli , <i>Executive Director, Sustainability, Digital Economy & Services</i> , Malaysian Institute of Accountants Panellists: 1. Dr. Surina Ismail , <i>Chief Sustainability Officer, Group Sustainability</i> , IOI Corporation Berhad 2. Manohar Benjamin Johnson , <i>Member, MIA Sustainability Committee / Partner</i> , PwC 3. Phang Oy Cheng , <i>Member, MIA Sustainability Committee/ Executive Director – Head of Sustainability Advisory</i> , KPMG	

Programme Outline

Time	MAIN THEATRE	2ND THEATRE
3:00 PM - 3:30 PM	<p>Sustainability Reporting: Track Your Progress – Findings and Recommendations</p> <p>This session presents ACCA's latest insights and guidance on creating sustainability-related information and reports. It will feature findings on organisations' current readiness across systems, processes, and people, and discuss the accountancy profession's roles along with 10 recommendations to help organisations get started or continually improve in using sustainability information.</p> <p>Speaker: Aaron Saw, <i>Head of Corporate Reporting Insights – Financial, ACCA</i></p> <p>Brought to you by:</p> 	<p>Driving Sustainable Reporting through Technology and Innovation</p> <p>How can businesses today meet rising expectations for accurate and transparent sustainability reporting? This session shows you how to harness emerging technologies such as AI, automation, and data analytics to move beyond compliance—enabling real-time measurement and deeper insight into your organisation's sustainability performance. Applied strategically, these tools can transform sustainability into a driver of efficiency, accountability, and long-term value.</p> <p>Speaker: Dato' Mohd Muazzam Mohamed, <i>Group CEO of Bank Islam Malaysia Berhad, MICPA Council Member</i></p> <p>Brought to you by:</p> 
3:30 PM - 4:00 PM	<p>The Future of ESG Reporting Systems: AI, Automation, and Real-Time Sustainability Intelligence</p> <p>As IFRS Sustainability Disclosure Standards raise the bar for ESG reporting, finance teams must move beyond manual spreadsheets to faster, smarter, audit-ready processes. This session explores how AI, automation, and real-time sustainability intelligence are transforming ESG data collection, strengthening accuracy, and reducing reporting risks — giving accountants and finance professionals a clear view of how modern ESG systems can future-proof compliance and support better decision-making without adding workload.</p> <p>Speaker: Katherine Pamintuan, <i>ESG Manager, Azeus Systems Philippines Limited</i></p> <p>Brought to you by:</p> 	<p>Empowering Accountants in the Digital ESG Era: Integrating Sustainability Data, Governance, and Human Capital</p> <p>MIA advocates for accountants to lead sustainability transformation through data integrity, digital integration, and human capital empowerment. This session highlights how validated sustainability and ESG-aligned HRMS platforms enable automated, auditable ESG reporting and bridge financial with non-financial data—equipping you to leverage technology, strengthen governance, and drive transparency and measurable impact in Malaysia's digital ESG era.</p> <p>Speaker: Simon Foong, <i>Co-Founder, SainoForce Technology Group</i></p> <p>Brought to you by:</p> 
4:00 PM - 4:30 PM	<p>Data-Driven Emissions Reduction Strategies</p> <p>Explore innovative, data-driven approaches to emissions reduction in this insightful session. BAC Renewable Energy will share expert perspectives on renewable energy project structuring and practical decarbonisation strategies, emphasising the necessity of measurable impact. The session concludes with an overview of an integrated ESG analytics solution designed to work seamlessly alongside your organisation's financial reporting.</p> <p>Speaker: Hasnoel Ramly, <i>Director, BAC Renewable Energy (BACRE) Sdn Bhd</i></p> <p>Brought to you by:</p> 	<p>Net Zero Pathway</p> <p>Explore Maybank's bold journey towards net zero, showcasing how sustainable banking, strategic financing, and innovative climate solutions drive real impact. This session highlights practical approaches to reducing carbon emissions, overcoming challenges, and accelerating Malaysia's transition to a low-carbon economy, offering actionable insights for businesses and professionals committed to sustainability.</p> <p>Speaker: Hazli Abu Samah, <i>Director Sustainable Infrastructure and Finance, Group Sustainability, Maybank</i></p> <p>Brought to you by:</p> 
4:30 PM - 5:00 PM	Lucky Draw & End of show (Main Theatre)	

Speakers' Profile

Aaron Saw

Head of Corporate Reporting Insights – Financial, ACCA

Aaron drives corporate reporting-related research and policies within the Policy and Insights team at ACCA to deliver high quality, professional and innovative inputs on key issues in the global corporate reporting agenda. He focuses on making practical and relevant propositions to professional accountants and their organisations on improving the quality of financial and sustainability reporting. Aaron is a Fellow of ACCA and a member of the Malaysian Institute of Accountants.

Dr. Andreas Hauser

Co-founder and Chief Executive Officer of AIQURIS; Co-Partner of Nova Fusion Sdn Bhd

Dr. Andreas Hauser, an expert in R&D, innovation, and digital transformation, has held prominent roles at the University of Heidelberg, Siemens, and TÜV SÜD. With a strong foundation in high-performance computing, he has led global initiatives in Industry 4.0, autonomous vehicles, robotics, and safe AI. As co-founder and CEO of AIQURIS, a TÜV SÜD venture, he specialises in ensuring the quality and mitigating risks of AI solutions. A certified IEEE Ethical Lead Assessor, Dr. Hauser holds degrees in Naval Architecture and CAE, along with a Ph.D. in Applied Mathematics.

Hasnoel Ramly

Director, BAC Renewable Energy (BACRE) Sdn Bhd

Hasnoel Ramly is a director and founding member of Business Associates Consulting (BAC) and the Director of BAC Renewable Energy (BACRE) Sdn Bhd. He is a prominent professional in public policy, corporate finance, and the renewable energy industry in Southeast Asia.

With over 28 years of experience in senior leadership, Hasnoel Ramly specializes in project development, structuring, and advisory services. He is a pioneer in the renewable energy sector in Malaysia and Southeast Asia, focusing on integrated biomass, biogas, bioCNG, and Liquified Biomethane projects since 2010. BACRE, under his leadership, aims to transform palm waste into sustainable energy and recently partnered with Kaneka for a biomass steam plant. His career also includes roles in consulting with Andersen and various positions in risk management, treasury, and internal audit at CIMB Bank. He has advised on Private Finance Initiatives for the Malaysian government in various sectors and provided guidance on IPOs and financial restructuring for public-listed companies.

Hasnoel holds a degree in Business Economics and Accounting from the University of Southampton, UK. He is a Chartered Financial Analyst (CFA) and a member of GARP and the MSFA. He also possesses a Capital Markets Services Representative's License from the Securities Commission Malaysia.

Hazli Abu Samah

Director Sustainable Infrastructure and Finance, Group Sustainability, Maybank

Hazli Abu Samah is a senior leader in sustainability at Maybank, where he drives the Group's net zero strategy and the operationalisation of its financed-emissions pathway. He developed Maybank's automated emissions calculators and acts as the Group's portfolio manager in guiding business units toward financed-emission targets. With more than two decades of experience in financial governance, risk management, and transformation across Malaysia and the Philippines—including serving as CFO and Acting CEO of Maybank Philippines—Hazli brings strategic clarity, ESG expertise, and organisational leadership to advancing responsible and future-ready finance.

Speakers' Profile

Katherine Pamintuan

ESG Manager, Azeus Systems Philippines Limited

Katherine Pamintuan is the ESG Manager at Azeus Systems Philippines Limited, where she leads the ESG Operations and Project Management team behind Presgo (formerly Convene ESG). She oversees a multi-country team of ESG Domain and Project Management experts supporting clients across ASEAN and Global markets, including Singapore, Malaysia, Hong Kong, Indonesia, Philippines, Europe, Latin America, and the GCC region. Under her leadership, the team delivers support on sustainability reporting, carbon accounting, and multi-framework alignment across global standards such as IFRS S1/S2, GRI, SASB, etc. Before joining Azeus, Katherine spent 13 years at Institutional Shareholder Services (ISS), most recently serving as Vice President for ESG Corporate Ratings at ISS-ESG, the responsible investment division of ISS. In this role, she oversaw ESG research operations, led corporate ratings assessments across global sectors, and contributed to ISS's methodologies in ESG scoring and corporate governance evaluation. Katherine's professional background spans ESG data analysis, sustainability rating methodologies, corporate governance assessment, and large-team leadership. Her experience includes evaluating ESG disclosures of publicly listed companies worldwide, reviewing risk exposures and performance metrics, and guiding teams toward operational excellence and strategic capability-building. She holds a Bachelor of Science in Business Management from the University of the Philippines.

Manohar Benjamin Johnson

Member, MIA Sustainability Committee / Partner, PwC

Manohar is a Partner with the Assurance Practice of PwC Malaysia and leads the Assurance divisions in Johor and Melaka. He has over 27 years of experience in providing audit and business advisory services to a wide range of clients, from local enterprises to conglomerates and multinational companies with operations in Malaysia, from a variety of industries including, automotive, manufacturing, trading and palm oil related, and manufacturing businesses. Mano spent 2 years on secondment with PricewaterhouseCoopers US, focusing on industrial manufacturing and healthcare clients and implementation of Sarbanes Oxley 404 requirements at a SEC registrant, and 1 year on secondment at the Audit Oversight Board.

Mano has been actively involved in ESG related matters including performing limited assurance engagements for Bursa PLCs and being the MASB Project Manager for Sustainability Disclosures. He has organised several roundtables in Johor relating to sustainability, including co-hosting a Johor CEO roundtable during the 2023 Asia Pacific Climate Week.

Mano is a Fellow of the Association of Chartered Certified Accountants (ACCA) and current Chair of the ACCA Malaysia Advisory Committee. He is a Member of the Malaysian Institute of Accountants, where he serves on the Auditing and Assurance Standards Board (AASB) and Sustainability Committees.

Dato' Mohd Muazzam Mohamed

Group CEO of Bank Islam Malaysia Berhad, MICPA Council Member

Dato' Mohd Muazzam Mohamed currently serves as the Group Chief Executive Officer of Bank Islam Malaysia Berhad (Bank Islam). He joined Bank Islam on 11 May 2015 as Chief Financial Officer before being appointed to his current position on 5 December 2018. Prior to his tenure at Bank Islam, he held prominent roles as a Partner with KPMG Malaysia and as an Executive Director with KPMG Management Consulting. Dato' Mohd Muazzam is a Chartered Accountant with the Malaysian Institute of Accountants, a Council Member of The Malaysian Institute of Certified Public Accountants, and a Chartered Islamic Finance Professional of the Chartered Institute of Islamic Finance Professionals.

Dato' Mohd Muazzam is a key figure in advancing Islamic finance in Malaysia. His leadership as the President of the Association of Islamic Banking and Financial Institutions Malaysia (AIBIM) is backed by his extensive knowledge and over 28 years of experience in Islamic finance, consulting, and accounting.

Dato' Mohd Muazzam holds a Bachelor of Accounting from the International Islamic University Malaysia. He is also an Advanced Management & Leadership Programme graduate from the University of Oxford's Saïd Business School.

Speakers' Profile

Ong Tian Soon (Charlie)

Managing Partner, ASAP Advisory PLT

Ong Tian Soon (Charlie) is Managing Partner of ASAP Advisory PLT, professional practices specialising in ESG/Sustainability Assurance, Verification and Validation, Implementation and Improvement, Internal Audit, GHG Statement, Product Carbon Footprint Assessment Report, Training and Governance Advisory. A Fellow Chartered Management Accountant (FCMA, CGMA) and Chartered Accountant (MIA), he advises Malaysian PLCs and regional enterprises on sustainability assurance, ISSB/IFRS S1-S2 compliance, internal audit, and ISO-aligned governance systems.

Charlie has led multiple engagements in ESG assurance for Bursa-listed clients, development of sustainability policies, and training on ISSA 5000, IWA 48 ESG Implementation Principles, ISO 14001 Environmental Management System, ISO 22301 Business continuity management system, ISO 20400 Sustainable Procurement, ISO 37001 Anti Bribery Management System, and ISO 31000 Risk Management System. ISO 14064 GHG, ISO 14067 Greenhouse gases — Carbon footprint of products.

He is also a regular speaker for professional bodies, university and corporate institution on ethics, sustainability reporting, and the evolving role of accountants in corporate responsibility.

Phang Oy Cheng

Member, MIA Sustainability Committee / Executive Director – Head of Sustainability Advisory, KPMG

Oy Cheng currently leads KPMG's ESG and Sustainability Advisory Services in Malaysia, where she helps clients explore and implement ESG solutions for a sustainable and responsible future.

With over 30 years of experience in sustainability consulting, she has supported publicly listed companies in developing and enhancing ESG programs aligned with global standards such as the GRI, DJSI, FTSE4Good, TCFD, and CDP. She is currently focused on the implementation of IFRS sustainability standards for companies in Malaysia. She has worked across all sectors including finance, oil and gas, petrochemicals, plantations, and general manufacturing among others.

Rasmimi Ramli

Executive Director, Sustainability, Digital Economy and Services, Malaysian Institute of Accountants

Rasmimi Ramli is the Executive Director heading the Sustainability, Digital Economy & Services Division of MIA. Her portfolio encompasses sustainability, digital economy, financial reporting, tax and risk, talent & human capital, information technology, procurement and administration.

She leads various key initiatives at MIA including the MIA Sustainability Agenda, MIA Sustainability Blueprint for the Accountancy Profession, MIA Sustainability Roadmap, MIA Digital Technology Blueprint and Digital Technology Adoption Awards, amongst others.

She also oversees the technical functions on financial reporting and taxation in MIA. She is currently the technical advisor of the International Public Sector Accounting Standards Board (IPSASB). She sits on the MFRS Application and Implementation Committee (MAIC) and the Government Accounting Standards Advisory Committee (GASAC). She was an auditor with major firms in the UK and Malaysia and was an internal auditor with Maxis Berhad.

Rasmimi is a member of MIA and a fellow member of ACCA. She graduated from University of Wales, Cardiff, UK.

Simon Foong

Co-Founder, SainoForce Technology Group

Simon Foong is the Co-Founder of SainoForce Technology Group, a Malaysian firm at the forefront of digital transformation and ESG innovation. With over 20 years of experience in technology consulting and human capital solutions, Simon champions the integration of AI, sustainability data systems, and people-driven innovation. His work bridges technology, compliance, and corporate purpose - empowering organisations to achieve measurable ESG impact through intelligent digital ecosystems. Simon holds an MBA from the International University of Malaya-Wales and is currently pursuing his DBA at Universiti Utara Malaysia. He is also a CMI Chartered Manager (CMgr), and Certified Sustainability Practitioner (CSP).

Speakers' Profile

Dr. Surina Ismail

Chief Sustainability Officer, Group Sustainability, IOI Corporation Berhad

Dr. Surina Ismail is the Chief Sustainability Officer, Group Sustainability for IOI Corporation Bhd. In this capacity, she is responsible for sustainability matters for the IOI Group (Plantation and Resource-based Divisions). Her responsibilities include corporate sustainability matters involving embedding sustainability and aligning it with IOI's strategic priorities and directions, formulating sustainability policies to ensure ESG matters are well considered together with the implementation of sustainability initiatives involving climate change, biodiversity enhancement, labor rights, and many others throughout the IOI Group.

She has a BSc (Hon) Chemistry from Indiana University, MSc (Organic Polymer) from University of Massachusetts and PhD (Bio-organic Polymer) from University Akron, USA with past academic experiences working as a Research Fellow, Visiting Scientists & Assistant Professor in the USA before returning to Malaysia to enter the industrial sector.

Prior to joining IOI, she has held various positions as Global Intellectual Property (IP) Management Director, Business Development & Operations Director in Nanomaterials, Corporate Strategy & Planning Director, and R&D Director in Oleochemicals. She holds several patents in the dispersion of nanocarbons and is actively involved in various organisations such as RSPO, MPOA, etc., and in regulatory matters such as the EUDR, CSRD, etc.

Tang Lien

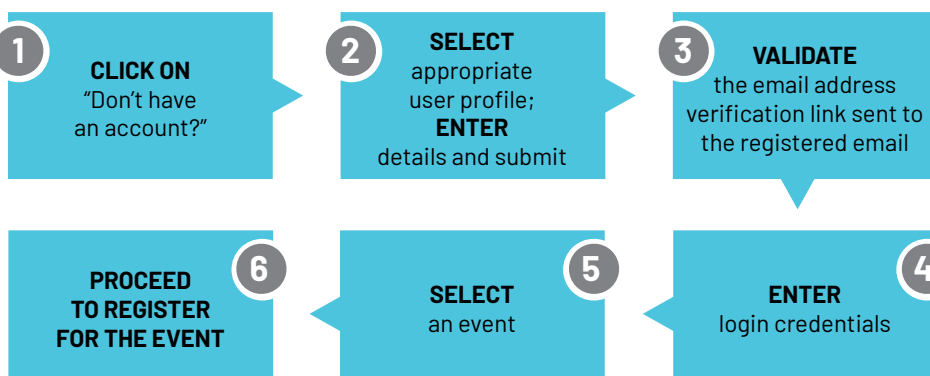

Managing Director/ Chief Executive Officer, Nova Fusion Sdn Bhd

Tang Lien is the Founder and Managing Director/CEO of Nova, with 25 years of experience in corporate, sustainability, and integrated reporting. Building on this experience, he advises publicly listed companies, government-linked institutions, and multinational organisations across ASEAN, the United States, and Europe on reporting governance, risk oversight, and long-term value disclosure. He also serves as an International Judge for the ARC Awards and is an accredited IIRC trainer and certified materiality assessor. Through these roles, his work supports organisations in meeting reporting requirements and keeping pace with evolving standards, market shifts, and global reporting expectations.
