Specific Matter for Comments

Specific Matter for Comment:

The IPSASB decided that there was no public sector specific reason to depart from the measurement requirements of IFRS 5 *Non-current Assets Held for Sale and Discontinued Operations*. However, the IPSASB considers that, where materially different, disclosures of the fair value of non-current assets classified as held for sale measured at a lower carrying amount would provide useful information to users of financial statements for accountability purposes.

The additional proposed disclosure is shown at paragraph 52 of this ED.
Do you agree with this disclosure proposal? If not, why not?

We agree with the disclosure proposal as shown in paragraph 52 of the ED.

However, we propose that more guidance on the extension period allowed to complete the sale be given as there is no specific or fixed period mentioned in the ED.
