	Approved Trader Scheme (ATS) Issue (2)/ FREPENCA (1) i. For ad hoc application of Lampiran C (Exemption List), Customs will give approval which is valid for one month. However, companies faced challenges to update this new Lampiran C in the TAP system on time due to the delay in Customs verification. ii. Customs response: Once approval is given by Customs in FIZ to import a particular item, companies need to go to the scheme change tab in TAP system to upload the required list of Lampiran. Customs HQ will process the application for	Rujuk maklum balas dalam Item 2, Isu (2) Lampiran A

	approval approximately within 2 or 3 days.	
	Approved Trader Scheme (ATS) Issue (3)/ MICPA (1) <ul style="list-style-type: none"> i. The issue was raised as the importer is not allowed to suspend GST using ATS due to the difference of address from the ATS registration address. ii. Companies are advised to register all branches or LMW entities in TAP. 	Rujuk maklum balas dalam Item 2, Isu (3) Lampiran A
5.3	Contract Manufacturer's(CM) claim on material purchase price variance related to manufactured goods to be exported <ul style="list-style-type: none"> i. The material price and market continue to change according to market fluctuations. As there is a contractual price rate, the price charged to customers cannot change. When the price of material increased, the customer allows CM to claim for them the purchase price variance. ii. Subsequently, this is the original price from the supplier that it is actually part of the imported value. In practice, customer will issue PO and CM will then bill to customer to claim the price variance. In other countries such as Singapore, the purchase price variance claim related to the manufactured goods to be exported is zero rated. iii. Customs response: This issue has been referred to MOF. The current policy is retained. 	Rujuk maklum balas dalam Item 3, Lampiran A
5.4	Contract Manufacturer's claim on inventory Revaluation related to manufactured goods to be exported <ul style="list-style-type: none"> i. The response is noted. 	Rujuk maklum balas dalam Item 4, Lampiran A
5.5	Section 65 (6) GSTA 2014 <ul style="list-style-type: none"> i. The issue was raised by members due to pending registration by an overseas entity providing services in Malaysia. ii. Section 65(6) GSTA 2014 applies however in relation to supply of goods and not services. Subsequently, registration for provision of services is subject to Section 14(the place where the supplier belongs). 	<p>iii. Since the oversea entity has no fixed establishment/ branch in Malaysia, no registration for GST is allowed. However, in the registration guide, where a non-resident entity sends its technical personnel to Malaysia, this fulfils the requirement of Section 14 and therefore non-resident is eligible to be registered.</p> <p>iv. Customs response: A guide will be prepared to address this issue.</p>	
5.6	<p>Issuance of Tax Invoice by a registered person for non-taxable supply</p> <p>i. The rationale for the amended subsection 33(10) of the GSTA 2014 is to disallow any amount with 6% GST to be shown in the invoice on zero rated supply.</p>	Rujuk maklum balas dalam Item 6, Lampiran A
5.7	<p>Supply of land in compliance with requirement of written law, government or local authority</p> <p>i. The response is noted.</p>	Rujuk maklum balas dalam Item 7, Lampiran A
5.8	<p>Removal of goods from a free zone to another free zone through Malaysia</p> <p>i. New Section 162A(1) provides that any goods removed from a free zone is treated as an importation into Malaysia and therefore GST is due and payable.</p> <p>ii. Subsequently, new section 162A(2) allows GST to be suspended where the goods are removed to another free zone, designated area or a warehouse.</p>	Rujuk maklum balas dalam Item 8, Lampiran A
5.9	<p>New requirement for claiming ITC for goods exported</p> <p>i. This issue has been referred to Customs Legal Unit for further review.</p>	Rujuk maklum balas dalam Item 9, Lampiran A
5.10	<p>Post-importation adjustment</p> <p>i. Generally, where BOD is issued, the importer is not entitle to claim ITC on the same amount. However, where there is a voluntary disclosure, Customs would look into the reason of the issuance of the BOD and would treat the matter on a case by case basis.</p>	Rujuk maklum balas dalam Item 10, Lampiran A
5.11	<p>Time of Supply for Imported Services</p> <p>i. The response is noted.</p>	Rujuk maklum balas dalam Item 11, Lampiran A
